To Whom It May Concern,

It is my absolute pleasure to write this recommendation for Daniel, who has been an exceptional coding instructor at theCoderSchool in Berkeley Heights over the past year. As part of a national franchise with over 70 locations across the United States, our school sets high standards for technical mentorship and instruction, and Daniel consistently exceeds them.

During his time with us, Daniel has taught approximately 20 different students ranging from ages 7 to 12, serving not just as a teacher, but as a genuine mentor. I consider Daniel one of my top instructors. He is remarkably responsible, reliable, and always meticulously prepared for every lesson and student that walks through our doors.

What truly sets Daniel apart is his ability to connect with young learners. His students absolutely love him. He has a natural talent for making learning fun, keeping kids fully engaged, and taking complex coding concepts and breaking them down into simple, intuitive explanations that young minds can easily digest.

Daniel would be a standout asset to any team or endeavor he chooses to pursue, and I give him my highest recommendation.

Sincerely,

A handwritten signature in blue ink, appearing to read "Francis Thai", is written over a light blue horizontal line.
